“RTC Online is very engaging and easy to follow and far outshines a standard lecture course. It is more like a 1 to 1 tutorial and it’s easier to take in the information. I’ll be pushing to have all my staff trained on this course and think it should be a prerequisite for anybody selling alcohol” Dave Keogh, The Molloy Group

“I found RTC Online a very enjoyable experience, especially the quizzes to help retain information and the forums. The site itself is very user friendly and even people with limited computer skills would find it easy to navigate” Brian O’Connor, O’Connor’s Next Door, Wicklow
